

# Environmental Policy Statement

We are committed to sustainable development (meeting the needs of the present without compromising the ability of future generations to meet their own needs) as a guiding principle within our work. Concern for the environment is an integral and fundamental part of this commitment. Our aim is to reduce the impact on the environment from our operations.

A.M Electrics (Renewables) Limited commits itself to the implementation and operation of the BS8555 management system and is working towards certification of BS14001, to further enhance our environmental performance and demonstrate continual improvement in our environmental performance, along with the following further objectives and commitments in place:

**We will:**

- promote responsibility for the environment within the organisation and communicate and implement this policy at all levels within the workforce;
- reduce the use of energy, water and other resources;
- prevent pollution;
- consider the environmental impact of each of our projects and minimise such impact;
- minimise waste by reduction, re-use and recycling methods;
- comply with all relevant environmental legislation/regulation;
- ensure that our policies and services are developed in a way that is complimentary to this policy;
- not prioritise funding needs ahead of sustainability requirements;
- procure with environmental and sustainability in mind;
- encourage all partners to commit to the sustainable development philosophy;
- identify and provide appropriate training, advice and information for staff and encourage them to develop new ideas and initiatives;
- provide appropriate resources to meet the commitments of this policy; and
- promote and encourage involvement in local environmental initiatives/schemes.

This policy statement will be brought to the attention of all staff on joining the organisation and on an, at least, annual basis thereafter to ensure that our responsibilities in relation to sustainability remain present in all work that we carryout. The senior management team awareness will be raised by briefing at management meetings.

**Signed: Luke Bradford, Managing Director**
